2015-2016 5.4 (PHEP) RESPONDER SAFETY AND HEALTH CAPABILITY REQUEST TEMPLATE

Please note: Functions 1, 2 and 3 have been removed. Deliverables previously under this function have moved to other capability templates for better alignment.

DELIVERABLE DESCRIPTION	
Function:	Function 4: Monitor responder safety and health actions.
Deliverable:	5.4.4a Responder health monitoring analysis and proposal.
Funding Type:	PHEP

Provide a description of this deliverable:

Deliverable will encompass an analysis (proposal) of resources and steps needed to develop and implement a program for responder monitoring and surveillance pre, during, and post exercise/incident/event.

Provide a description of how this deliverable will build (addresses gaps) or sustain the function listed above:

Currently, Florida does not have a mechanism to monitor Public Health and Medical responders for injury or illness following a disaster. This is a complex program to be implemented; therefore, this deliverable will result in a policy recommendation for leadership's consideration.

Provide a describe any recurring costs (costs that will continue into the 2016-17 BP5 cycle) associated with this deliverable:

None
